

Six Word Memoirs

Six Word Memoirs are a popular phenomenon. Writers, celebrities, and “regular folk” are penning their stories in just six words. Smith Magazine’s <http://www.sixwordmemoirs.com/> has memoirs on every topic including teens, school, love, and even Jewish topics. Challenge your students to describe their religious school year in just six words. Collect all of the responses in a word document, Google doc or on your classroom blog so that the students can read each other’s work.

Examples:

I travelled around Israel - in Illinois

Learned new prayers; Made new friends
