

## **Bentching Gome!**

### **Who Recites the *Gome!* Blessing? A Conversation Guide.**

What do the four classes of people presented have in common?

How are the four classes different from each other?

How is the final class of person, the woman who has given birth, similar to the classes presented above? How is she different?

Why do they think these particular categories were cited?

Do modern circumstances or technology make certain activities more or less dangerous today? How does this change the way we think about the *gome!* prayer and its uses today?

Based on our realities today, would you eliminate any of these categories today? Which and why?

Based on our realities today, would you add any categories? Which and why?
